NatureSnap home page

NatureSnap contests information

The screenshot shows the NatureSnap website with a navigation menu (HOME, LOGIN, PAGES, DOWNLOAD, CONTACT US) and a main content area with four contest cards. Each card features a smartphone icon and a title: 'Black and White Photo Contest', 'Wildlife Photography Contest', 'Group Contest', and 'Baby photo Contests'. The text on each card describes the contest details. A 'Explore Features...' link is visible at the bottom right of the contest area.

Black and White Photo Contest

Here at NatureSnap we love our amazing planet. In order to minimize our impact we're proud to present the Earth First contest series, which awards top-end gear that was lovingly used by another creative individual.

Wildlife Photography Contest

We know photographing wildlife is challenging, but we are looking for the photographers who are ready to take this challenge to capture the perfect wildlife pictures.

Group Contest

For years, the Wilderness has served as the backdrop for your family's vacation memories. Share your vacation photos from over time with the world and you could win a great prize for doing so.

Baby photo Contests

NatureSnap Photo Contest is the place for you to show off your favorite baby photos by entering them in our photo contest for a chance to win cash and prizes.

About NatureSnap

The screenshot shows the 'About NatureSnap' section of the website. It features a heading 'You Know About NatureSnap' followed by a paragraph describing the app's features and opportunities. A large image of hands holding a smartphone displaying a city street scene is positioned to the right. A 'Features >' button is located at the bottom left, and an upward arrow icon is at the bottom right.

You Know About NatureSnap

Naturesnap app is a great platform where passionate mobile photographers can share or prove their mobile photography skills by participating in the Contests. In this app, anyone can create or subscribe for a free account to post to photo gallery, view the photos in the gallery posted by others and rate them in the form of likes / dislikes. Comments can be written in blog sections and participate in the discussions through comments. NatureSnap also have a cart functionality, where people can purchase the photos they like. We are also giving an opportunity for the people who can prove themselves through our photo contest by paying an entry fee, where the winners can be decided based on likes. The final winner may have chance to be awarded with prizes.

 HOME LOGIN PAGES DOWNLOAD CONTACT US

Event Contest

A great time to host a photo contest is right after our company has hosted an event (or had a presence at another event). Encourage entrants to take photos with your brand ambassadors, at your booth, or at your event, and host a photo contest asking people to upload their photos.

Thanks Giving Contest

Thanksgiving is a huge holiday, particularly in the States. One simple photo contest idea (as you can see the example below) is to ask entrants what they're thankful for. Get them to upload a picture of something they're thankful for - it helps to create an emotional connection with your brand.

Celebrating Nature Photo Contest

Here at NatureSnap we love our amazing planet. In order to minimize our impact we're proud to present the Earth First contest series, which awards top-end gear that was lovingly used by another creative individual. Providing high-quality, pre-owned prizes.

Community photo contests

Introduce yourself to the Crowd by entering our photography competitions, created and run by the community. With new contests added daily, enter now for great exposure on NatureSnap and for a chance to be reviewed by a fellow photographer.

Group Contest

For years, the Wilderness has served as the backdrop for your family's vacation memories. Share your vacation photos from over time with the world and you could win a great prize for doing so.

College Contest

These contests are organised by programming clubs of various colleges across the country/world. You can always find them on College contests tab in the header.

Sublime Beauty of Solitude

Solitary figures make intriguing subjects. It can make you feel claustrophobic in one moment, and in another completely euphoric.

Family Photo Contests

Introduce yourself to the Crowd by entering our photography competitions. Enter now for great exposure on NatureSnap and for a chance to be reviewed by a fellow photographer.

Soft Focus Photography Contest

In photography, soft focus is a lens flaw, in which the lens forms images that are blurred due to spherical aberration.

In the center photo contest

Break the basic rule of composition, the rule of thirds and place your subject dead center in your image.

Night Photography Contest

Night photography refers to photographs taken outdoors between dusk and dawn.

Patterns Photography Contest

Life is full of patterns which we overlook but once you get an eye for spotting them, you'll be amazed by what you see.

NatureSnap terms & conditions

Terms of Use

Jayson&Williams technologies built the NatureSnap app as a Free app. This service is provided by Jayson&Williams technologies at no cost and is intended for use as is.

NatureSnap App provides upload the captured images, and other services to users around the world. Our Privacy Policy helps explain our information (including message) practices. For example, we talk about what information we collect and how this affects you. We also explain the steps we take to protect your privacy – like image uploaded so we aren't reveal your identity with on our Services.

When we say "NatureSnap App," "our," "we," or "us," we're talking about NatureSnap App. This Privacy Policy ("Privacy Policy") applies to all of our apps, services, features, and website (together, "Services") unless specified otherwise.

Please also read NatureSnap Terms of Service ("Terms"), which describes the terms under which you use our Services.

This page is used to inform both website visitors and App users regarding our policies with the collection, use, and disclosure of Personal Information if anyone decided to use our Service.

If you choose to use our Service, then you agree to the collection and use of information in relation to this policy. The Personal Information that we collect is used for providing and improving the Service. We will not use or share your information with anyone except as described in this Privacy Policy.

The terms used in this Privacy Policy have the same meanings as in our Terms and Conditions, which is accessible at NatureSnap unless otherwise defined in this Privacy Policy.

Information Collection and Use

NatureSnap App receives or collects information when we operate and provide our Services, including when you install, access, or use our Services.

Information You Provide

You're Account Information. You provide your Email Address, Name and Password to create a NatureSnap account. You may also add other information to your account, such as a profile name, can change password and can subscribe for a particular area.

We collect the content, communications and other information you provide when you use our Products, including when you sign up for an account, uploading images. This can include information in or about the content you provide (like metadata), such as the location of an image. It can also include what you see through features we provide, such as our camera. Learn more about how you can control who can see the things you share.

Networks and connections: We collect information that you recorded when your mobile is not connected to any network once you connected to network then we automatically upload the images to your server.

Your usage: We collect information about how you use our Products such as how many images you uploaded and their particular location date and time using GPS location.

Location-related information: We use location-related information – such as your current location, where you live in order to upload an image.

Device Information

As described below, we collect information from and about the computers, phones, connected TVs and other web-connected devices you use that integrate with our Products, and we combine this information across different devices you use. For example, we use information collected about your use of our Products on your phone to better personalize the content or features you see when you use our Products on another device, such as your laptop or tablet, or to measure whether you took an action in response to and we showed you on your phone on a different device.

Information we obtain from these devices includes:

- **Device attributes:** information such as the operating system, hardware and software versions, battery level, signal strength, available storage space, browser type, app and file names and types, and plug-ins.
- **Device operations:** information about operations and behaviors performed on the device, such as whether a window is foregrounded or backgrounded, or mouse movements (which can help distinguish humans from bots).
- **Data from device settings:** information you allow us to receive through device settings you turn on, such as access to your GPS location, camera, and storage and device network.

Capture Data

We want to inform you that whenever you use our Service, in a case of an error in the app we collect data and information (through third party products) on your phone called Log Data. This Capture Data may include information.

Security
